Table 26. Indicative retention schedule

Record type	Retention	Disposal or archive
Original public documents (DC0)	Indefinite	Archived with checksums; superseded versions kept
Extracted text and index	Until superseded	Rebuilt from originals; old index versions kept for one year for reproducibility
Audit logs (queries, sources, outputs)	5 years	Archived read-only; then deleted
Query text in logs	2 years	Truncated to aggregate statistics
Raw consultation submissions (DC2)	Deleted within 90 days of de-identification	Secure deletion with certificate
De-identified analysis data	Duration of the pilot plus 2 years	Deleted or archived under agreement
Model artefacts and evaluation reports	Life of the system plus 3 years	Archived on Zenodo where licences allow
Incident records and ERRC decisions	7 years	Summaries published; full records archived
